The WBA - The Beginning

In 1955 when talk of a new sport starting up in Whyalla called “International Rules Basketball”, there were sceptics who said it wouldn’t get off the ground and it wouldn’t last.

I was an apprentice working in the Shipyards when one of the tradesmen in the shop, “Davey Wade” asked me to play basketball, I wasn’t shore at first, basketball being a “girls game”, but his persistence prevailed. I recall the guys were about to give up on me, after training twice a week for 6 weeks, I still couldn’t manage a simple layup, then one night out of the blue it became like second nature.

The 1st team I played with was Tigers on a court painted inside the old aerodrome hanger on Keith Street. I received the Fairest & Best award in that first year.

Playing outdoors the weather played a big part in the style of play, strong winds, rocking backboards, dust & rain. With the wind to your advantage, fast breaks & passes into the keyway games were fast & quick before the opposition could man up. Note in those days there were no houses or light industry in the area at that time so the court was wide open to the elements.

It wouldn’t be strange to be playing or umpiring when the patrons from the Drive In were going home around midnight.

In the first years of Whyalla Basketball there were very few umpires, most games there was one experienced umpire & one novice. Rule books were few & far between. Davey Wade took me under his wing every game I umpired. By playing & umpiring I learnt the rules quickly.

In this period we had our own commentators using microphones & amplifying system to call games. This made the games exciting with some very comical comments. The two I consider the best were Mick Palmer & Michael Nicols. Teams also had theme music such as:

Saints - “When the Saints come marching in”.

Mormons - “Sweet Georgia Brown”.

Tigers - “Tiger Rag”.

This added atmosphere & extra entertainment for the spectators.

The WBA - The Beginning

I later transferred from the Tigers to a young team called "Knights". The parents of the Knights players organised a family BBQ night at the old aerodrome courts. The highlight of the night was the Fathers versus Sons match. I arrived a little late for the match straight from hospital, the team sheets had to be changed as I had become a father myself, the lads were a bit disappointed in me changing sides.

In 1964 when the Association needed more courts to cater for the rapid expansion of the sport we moved to new bitumen courts at McBryde Tce, there were 3 flood lit courts. I remember playing at the recreation centre in 1976 -77 before moving to the current Jubilee park stadium, inside & outside in late 1978. I also remember when we had 2 junior courts marked across court 1

In 1985-86 we had a mixed up season while the Mezanine floor was installed along with insulation on all the walls and roof. This made the stadium much more pleasant from a playing conditions and acoustic point of view. Unfortunately the proposed upstairs airconditioned bar and lounge area never happened.

Over the years I've seen some very good players, some stayed but many moved on. I've also had highs & lows both as a player & coaching many Men's & Women's A's & B's teams as well as juniors. I've also worked as a committee member & secretary, over the years I have attended many working Bees.

I've forgotten more than I can remember but I do know Basketball was a big part of my life, & hope the association will prosper for many years to come.

Parker Dix
Exerts from Founding Member and Life
Received in October 1995
